## MEMORANDUM FOR THE RECORD

SUBJECT: S. Con. Res. 74 - Meeting with Senator Paul Tsongas' (D., MA)  
Staff

1. Following the 3 February briefing of Senator Tsongas by [redacted] 25X1  
C/NE/DDO and the DDCI [redacted] it was agreed that the DDO 25X1  
and State would work out alternative language for the two offending con-  
sideranda in the "resolved" section. [redacted] DC/NE/DDO, worked out 25X1  
suitable language with State Department Deputy Assistant Secretary David  
Schneider, which we relayed to Senator Tsongas' staffer Chris Chamberlin on  
24 February 1984.

2. Our discussion with Mr. Chamberlin was fairly short: we noted  
that if this revised language was acceptable, the Department could pub-  
licly support the resolution (which it cannot do in its present form);  
Mr. Chamberlin agreed to our request [redacted] when 25X1  
reviewing this revision [redacted] pressing for this 25X1  
resolution; and we allowed that we did not know whether the revisions  
offered were our bottom line or were further negotiable, except that, of  
course, just hammering something out between State and the Agency was  
pretty good work by itself.

3. The revised version proffered to Mr. Chamberlin is attached.
